High School at Tirthahalli.

READ—

Government Order No. E. 5350—Edn. 218-22-15, dated 8th March 1923, laying down a programme of development of High Schools in the State.

2. Correspondence ending with letter No. H. C. 689—24-25, dated 29th June 1925, from the Inspector-General of Education in the matter of opening a High School at Tirthahalli, Shimoga District.

ORDER No. E. 333-36—EDN. 80-24-19, DATED 28TH JULY 1925.

The opening of a High School at Tirthahalli in the Shimoga District was included in the programme of development of High Schools in the State, as it was considered necessary to open a High School at the place in view of the sparsity of population and other peculiar conditions of the Malnad.

2. In passing orders regarding the revision of the Malnad Improvement Scheme, Government also observed that the question of providing additional educational facilities in the Malnad was one of the problems requiring immediate consideration and accordingly directed that the next three years' programme should include the opening of a High School at Tirthahalli. As the provision of Rs. 8,000 made in the current year's budget was intended to be utilised for opening a High School at Nanjangud, strong representations were made in the last budget session of the Representative Assembly that the special claims of Tirthahalli should be consi-

dered for the opening of a High School at the place and that due provision should be made therefor in the current year's budget. In consideration of these representations, the Dewan was pleased to announce in his closing speech, an additional grant of Rs. 8,000 for the purpose of starting a High School at Tirthahalli, provided local self-help is forthcoming.

3. The Inspector-General of Education has reported that a contribution of Rs. 20,000 towards the construction of a permanent building for the school might be expected from public subscriptions and other local resources and that the Tirthahalli Municipal Council have agreed to provide the necessary accommodation for the school for one year and that they can be persuaded to provide the same for a year more. He has also submitted proposals regarding establishment and other charges necessary for the school, involving an expenditure of Rs. 4,548 per annum recurring and Rs. 3,250 non-recurring

4. In view of the great need that exists for additional educational facilities in the Malnad and the earnestness shown by the people of Tirthahalli and its neighbourhood, Government are pleased to sanction the opening of the IV Form Class at Tirthahalli with effect from the current academical year subject to the condition (1) that at least 12 students are forthcoming to join the class, (2) that a suitable building for locating the High School is made available free of rent for two years and (3) that a contribution of not less than Rs. 20,000 is realised and credited to Government as early as possible within a maximum period of two years towards the cost of constructing a building for the High School. The continuance of the school is subject to the fulfilment of conditions (2) and (3). The scale of establishment and other charges proposed by the Inspector-General is capable of slight reduction in view of the small number of students that are likely to join. The scale as modified and sanctioned by Government is indicated in the statement appended. The cost during the current year will be met from the additional budget grant of Rs. 8,000 sanctioned for the purpose.

5. The Inspector-General is requested to take necessary steps in communication with the Chief Engineer, the Deputy Commissioner, Shimoga District, and the President of the Tirthahalli Municipal Council, towards the construction of a building for the High School.
